Overseas Agency & NVOCC Partner Profile

Your Jordan gateway for accountable execution, local market development and long-term agency growth.

Nearly 20 years of carrier-side experience behind every partnership

Mahmoud Al Khalaileh | Founder & Managing Director

Nearly 20 years with Evergreen Line, progressing to General Manager of Evergreen Shipping Agencies (Jordan).

More than a decade in commercial and sales leadership.

Experience across commercial, operations, agency management and market development.

Direct executive involvement in strategic partner relationships.

Jordan connects your network to a wider regional corridor

Aqaba anchors Jordan's maritime gateway.

Serve the Jordan import and export market.

Extend road solutions toward Iraq and Northern Saudi Arabia.

Build future Syrian trade opportunities as market conditions develop.

Built to represent partners—not simply handle shipments

Independent, owner-led freight forwarding company in Jordan.

Ocean, air, road and supply-chain coordination.

Fast access to decision-makers and clear accountability.

Designed for long-term overseas agency and NVOCC cooperation.

What an overseas partner gains with Maritime Link

One accountable Jordan counterpart from RFQ to delivery.

Fast pricing coordination and practical local feedback.

Commercial follow-up to develop nominations and new lanes.

Proactive shipment updates and early exception escalation.

Direct management access when a decision is needed.

One local partner across the shipment lifecycle

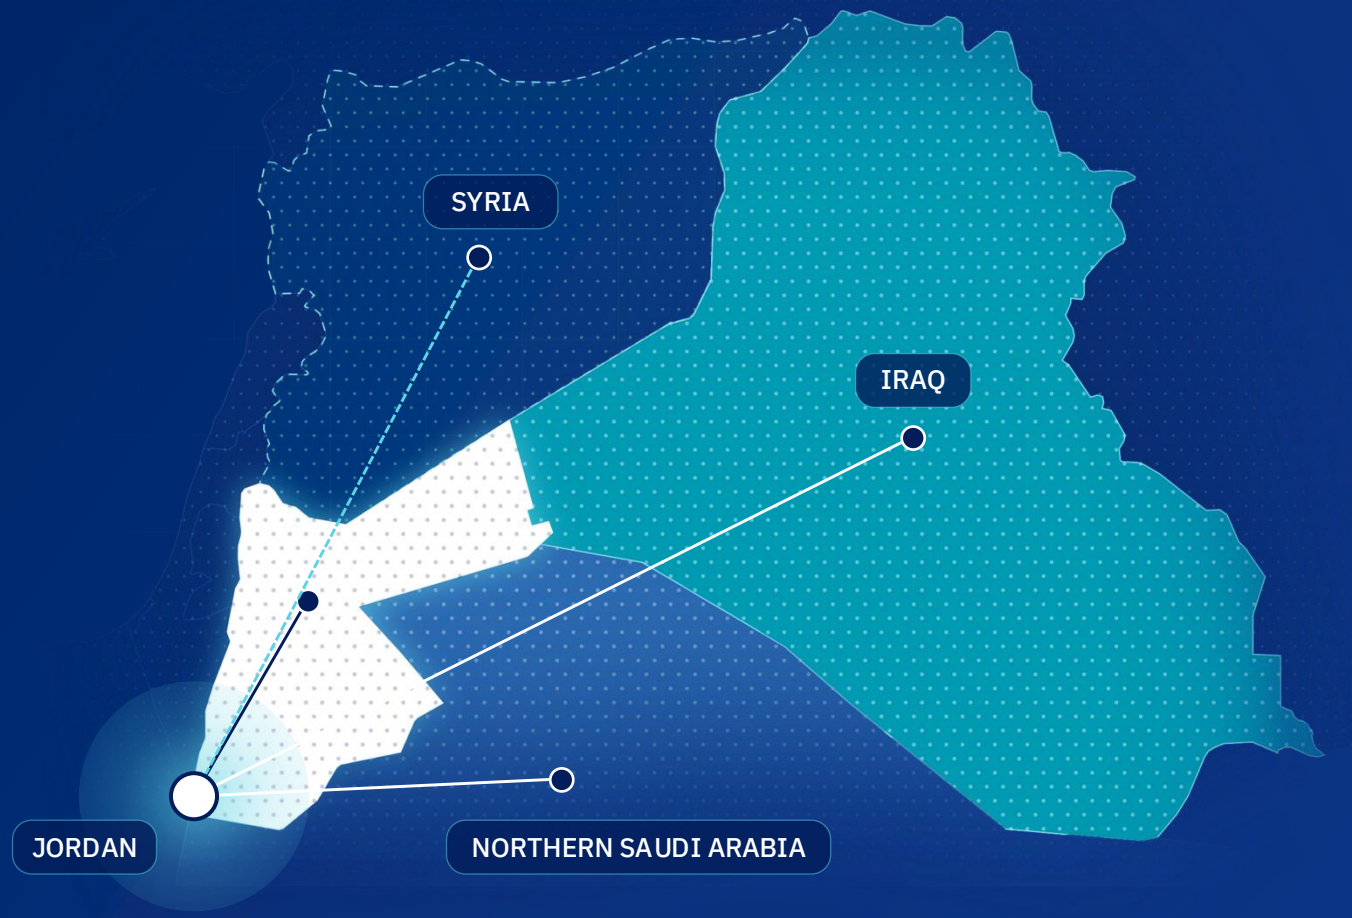

Representation that protects and grows your name in Jordan

- NVOCC and overseas agency representation.
- Import/export shipment handling and documentation follow-up.
- Local sales representation and customer development.
- Rate, routing and market feedback for commercial decisions.
- Cargo tracking, exception management and delivery coordination.
- Respect for customer ownership, confidentiality and partner reputation.

Aqaba is the anchor for four priority markets

- **JORDAN** — domestic import and export opportunities.
- **IRAQ** — cross-border solutions through Jordan.
- **NORTHERN SAUDI ARABIA** — regional road connectivity.
- **SYRIA** — selective future opportunity as trade conditions develop.

One Jordan partner can support both local cargo and wider corridor opportunities.

Commercial development —not passive cargo handling

- Actively follow partner sales leads and routed opportunities.
- Build lane-specific pricing and nomination strategies.
- Support NVOCC principals with local market development.
- Pursue project and cross-border opportunities where Maritime Link adds value.
- Share practical market feedback so partners can compete intelligently.

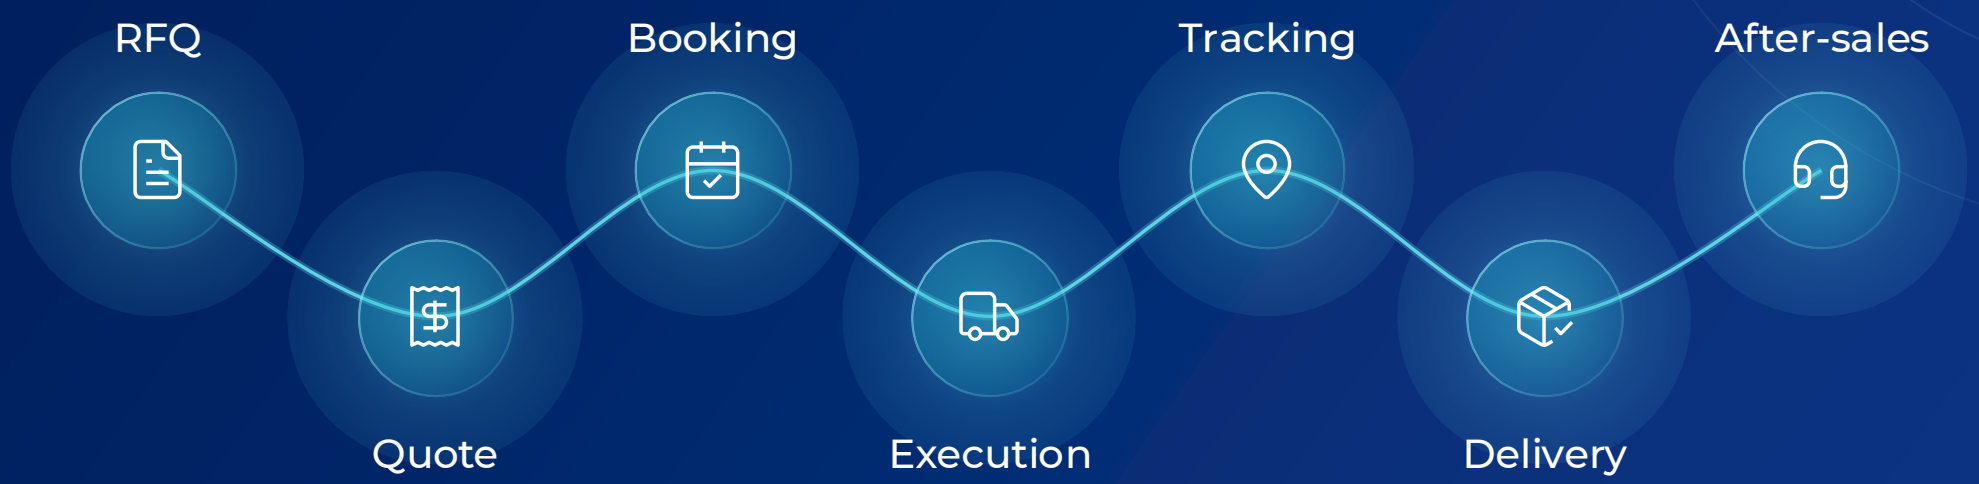

Operational discipline your overseas team can rely on

- Clear ownership of every quotation and booking.
- Milestone-based shipment updates.
- Exceptions escalated before the customer has to chase.
- Accuracy in documents, instructions and delivery coordination.
- After-sales closure and continuous follow-up until completion.

A simple workflow with one accountable owner

At every stage: clear responsibility, proactive communication and timely escalation.

Why appoint Maritime Link as your Jordan partner?

- Founder-level leadership backed by nearly 20 years of carrier experience.
- Commercial understanding combined with operational discipline.
- Owner-led access for faster decisions and escalation.
- Market-development focus—not only shipment processing.
- Long-term partnership mindset with responsible, controlled growth.

A clear charter for protecting your business

Protect your customer relationship and commercial position.

Treat rates and partner information with discretion.

Communicate early—especially when something changes.

Be transparent on capability, cost and operational status.

Resolve issues professionally and protect the partner's reputation.

Partnership models we want to build

Reciprocal freight-forwarding nominations.

NVOCC agency representation in Jordan.

Lane-specific sales and market-development cooperation.

Project cargo and cross-border collaboration.

Joint routing and customer-development opportunities.

Start with one lane. Prove the service. Expand together.

Let's build the Jordan lane together

Send us one target lane, nomination opportunity or agency discussion.

We will respond with a clear market and execution approach.
